20 May 1959

MEMORANDUM FOR : Chief, Operations

THRU : Development Branch, [REDACTED]

25X1A9a

SUBJECT : Granger Associates, Contract No. [REDACTED]
Two (2) Repeater Jammers

25X1A5a2

1. Attached is a copy of Granger Associates revised Proposal for Two (2) Repeat Jammers, Mod 904. It is to be noted that Contractor's price has been reduced by approximately \$2,000.00. This reduction is a result of a transfer of useable components from the previous contract [REDACTED]

25X1A5a2

2. However, the Contractor has indicated a desire for a Contract Ceiling Price of [REDACTED] over the Contract Target or his proposed price. Since it is policy to obligate the Ceiling Price when issuing a Contract, it will be necessary to place more funds on the contract than that previously approved in the Program Approval CHAL-0627.

25X1A10

3. To recap briefly:

Program Approval CHAL-0627 established
Program Approval CHAL-0657 established
Total Approved

25X1A1a

Contractor has Proposed:
2 ea Repeater Jammers
2 sets Spare Parts

The dollar amount is still within the total approved. In view of the foregoing a Program Approval for additional funds will not be required at this time. However, in Program Approval CHAL-0657 an amount of \$10,000 was established as an unfirm item for flight test and contractor technical representation during flight tests. Formal approval by the DD/P may be necessary at a future date as the program develops.
